Director services , Corporate governance

Gonzalo has over 25 years of experience in investment management, banking, trusts, and risk management. He acts as director and chairman of a number of boards of funds, banks investment companies, and other regulated and non-regulated entities including long-only funds, private equity, hedge funds, and other complex structures.

His practical background has proven very helpful to clients from the early structuring discussions to the ongoing management of the entities. He is responsible for the Directors, Trusts, and terminations services in Cayman.

Prior to joining Harneys Fiduciary, Gonzalo was CEO of Cayman Finance, the main industry advocacy group for financial services businesses in the Cayman Islands. Before that, he was the CEO of a full services bank and trust entity in the Cayman Islands and president of the Bankers Association. Before moving to the Cayman Islands 15 years ago, Gonzalo was Chief Investment Officer and CEO of asset management companies in Argentina and Bermuda with assets under management over \$10 billion giving him a unique insight into the industry.

Gonzalo has an economics degree, a master's degree in finance, and is a CFA.
